## Summer Program in Mind/Brain Sciences at the University of Trento, Italy

This interdisciplinary program at the Center for Mind/Brain Sciences (CIMEC), University of Trento, Italy, provides students a unique opportunity to study the mind/brain. Taught by neuroscientists and cognitive scientists from Harvard University, Harvard Medical School, and the University of Trento, the courses include lectures as well as hands-on laboratory sessions (e.g., neuroimaging demonstrations, discussion sections).

Students will receive course credit from the Harvard Summer School and can request an official transcript of their grades. Students may choose to take both the introductory course offered in the first half of the program (MBB S-101) **and** one of the two in-depth courses (MBB S-91 and S-93) offered in the second half, **or** an individual course (MBB S-101, MBB S-91, MBB S-93). If a student opts not to take the introductory MBB S-101, proof of equivalency is required. All instruction is in English.

### MBB S-101.

**Windows into the Structure of the Mind/Brain**

### MBB S-91.

**Art, Mind and the Brain**

### MBB S-93.

**Mind, Brain, and Behavior in Decision Making**

### APPLICATION DEADLINE MARCH 15, 2013

- Applications must be sent by registered mail and arrive by deadline
- Recommendation letters must be in English, and sent directly by recommender
