HARVARD UNIVERSITY
Summer Program in Mind/Brain Sciences
at the University of Trento, Italy

Deadline: March 11, 2011

Applications must be post-marked by this date. Applications must be sent via post; letters must be sent separately by recommender.

For more information about courses, costs, and financial aid, please visit our website.

To apply, please submit:

1). Application form (available from site)
2). Transcript of grades
3). Personal statement (in English)
4). Two letters of recommendation from academic instructors or advisors (in English)
5). For financial aid, you must also submit the financial aid application and a valid ISEE declaration.

Questions? Need an Application?
Visit our program website, e-mail us (trento@wjh.harvard.edu), or call us at +39.0464.808617.

This 8-week program provides students with a unique opportunity to study the mind/brain. Taught by faculty from Harvard University, Wellesley College, and the Center for Mind/Brain Sciences (CIMeC) at the University of Trento, the courses include lectures and hands-on laboratory sessions (e.g., neuroimaging demonstrations). Students take a 4-week introductory course (MBB S-101) and then choose from two in-depth courses (MBB S-93 or MBB S-94) offered in the second half of the program. All instruction is in English.

The program includes activities such as hikes in the Alps, day and weekend trips to Venice, Verona, and Lake Garda. American and Italian students will room together in university dormitories. Students enrolled in the program will receive course credit through the Harvard Summer School.

MBB S-101. Windows into the Structure of the Mind/Brain
John Assad (Harvard Medical School) & Alfonso Caramazza (Harvard; CIMeC)

MBB S-93. Mind, Brain, and Behavior in Decision Making
Giorgio Coricelli (USC/CIMeC) & Jennifer Lerner (Harvard Kennedy School of Government)

MBB S-94. Hormones, Brain, and Behavior
Marc Tetel (Wellesley College)
